**49€**  
pp\*

We're proud to be the only specialised ornithology tour company on the island. The Lanzarote eco insider bird watching experience is concentrated to one particularly interesting area, the desert of Soo. We provide transport with a trusty Land Rover, gently heading into the sand dunes. Here we look out for the Houbara Bustard, Cream Coloured Courser, or a Stone Curlew to name but a few.

This guided tour is lead by expert birders with a passion for local conservation. We offer the best opportunity to observe the birdlife in their natural habitat, while focusing on a respect for the surrounding environment.

**What's included:**

- Landrover Defender
- Good telescope
- Spare binocs
- Collins

*A perfect introduction to the birdlife of Lanzarote*

*Not all small group tours are created equal!*

*\*This is a half day excursion. We advise all guests to bring a light jacket, sun hat & protection, and wear sensible walking shoes.*
